The Thing You Want Most

can be yours if you will save your money consistently. They say there are but two things in the world that money will not buy.

The secret, if one could call it that, is to **start**, and then **stick to it.** Just do these two things, and you'll get what you want out of life, for it takes a key of good hard gold to open the door when Opportunity knocks. And you may have the chance to realize this only once!

Delay in Opening Union Avenue Through

While the great majority of people and the business men of both 63rd st. and Halsted st. appreciate what an important matter it is to make Union ave. a through street, and open it between 63rd and 61st sts. There seems an element, small but powerful enough to keep the officials from acting in the matter. The aldermen seem afraid to tackle the proposition because a few interested old fogies fear the competition additional business territory will open on 63rd st. Others claim the assessment would be high, notwithstanding the fact that it will cost more in another year and increase yearly, and it is a sure thing that sometime it must be opened. Alderman Ryan has an opportunity to earn a name and fame by putting this over, but he is new to the game and has not dared to take a stand in the matter. The opening of Union ave. would open every foot of business property between Halsted and Wallace, much of which is dead matter now; it would relieve the congestion of traffic on Halsted st. and give a good through street from Gresham or 87th st. to the Chicago river, and soon would be opened through to the best city routes to the "loop." Everyone would benefit by it, and yet it stands locked by the neglect and indifferences of our own people. Why?

As Bad as the Speeders

Too much cannot be said in condemnation of the reckless speeders who endanger and even take the lives of innocent people by their criminal handling of their automobiles. The law gets after them and often punishes them, not as many as should be punished, but at least some of them, while the careless or "jay walker" gets away with his stuff until some driver unintentionally bowls him over and makes work for the undertaker or hospital. The "Stop" and "Go" signals are meant for the walker as well as the driver, yet few observe them. the person who walks diagonally across a street crossing courts death or injury as does anyone attempting to dodge from behind a car and cross the street in the middle, or any part of the block than the regular crossing. Even a car running as slow as 10 miles cannot be stopped in less than ten feet, and that is enough to catch the unwary one who ventures in front of it. Bicycle riders who "wobble" along the street often turn unexpectedly directly in front of a car and are hit. Many children will follow a ball directly in front of a car, or even race across the street, taking ten to one chances upon being run over, yet for all such accidents the driver is blamed. Hold the pedestrians as well as the drivers responsible.

Walter Edwards, 255 64th st, left for Camp Custer for the summer.

Mr. and Mrs. Ralph B. Perry are entertaining friends from Los Angeles, Calif.

Miss Queenie Keltner, 64th st., and Normal blvd., is recovering from a severe attack of tonsilitis.

J. W. Henry of Tulsa, Okla., after a visit with his mother, Mrs. J. Henry, returned to his home Monday. Mrs. Henry will remain for several weeks and visit her mother, Mrs. Robert Short, 259 65th st.

Saturday afternoon, June 16th, at 2 o'clock, at the home of the bride's mother, Mrs. Alfred Peache, 6231 Stewart ave., her daughter, Miss Elizabeth D. Peache, was married to Harry F. Hudson.

Hamilton of 6424 Lowe ave., who has made a wonderful reputation as a child dancer, after a tour of the West is now in Los Angeles, and is engaged in a series of entertainments for the movie folks at Hollywood. Although but five years of age, Nanon has sprung into the front rank of dancers and impersonators.

Preparedness for What?

Isn't there a great amount of "bunk" in this talk of being prepared for war? What kind of preparedness can be provided that will meet the conditions of the next war? No one knows, any more than we could anticipate the new conditions that confronted our army and navy in the great World struggle. The submarine or even the aeroplanes were not seriously regarded at the beginning of the mighty conflict, and the poison gas, the seventy mile guns, the gas bombs and the hand grenades were elements that no army, the German possibly alone excepted, anticipated or were prepared to meet. We dare say that rifles and cannon will have little to do in the next important war. The big ships of all the navies are discounted by the aeroplanes and air fighters, and it looks as if the carrying capacity of mighty cannons will make it possible to fight an enemy a hundred miles away while seated in your laboratory. Why not prepare for peace, and educate our youth in science and mechanics so that they may by their education meet any contingency of an enemy? The wounds of the last conflict are still unhealed, and the sad and aching hearts of the bereaved find no comfort in a policy that would even admit of the possibility of going to war again. Our American principles should be carried out to the letter and encourage no thought of war other than in defense of our country, and there is no combination of nations that would care to risk invasion of our country where every citizen is a soldier if necessary in its defense.

Mrs. F. Alice Ammen, past department president, and Mrs. Mattie Loser, president of Tent No. 20, left Tuesday morning for Peoria, Ill., to attend the twenty-eight annual department convention of the Daughters of Veterans.

Homer Sullivan, the former Englewood attorney, but late of Washington, D. C., sends cards announcing his partnership with Senator P. J. McCumber. They will specialize in matters relating to Federal taxes and import duties.

Our Weekly Poem

Evolution

Now I ain't much on learnin',
Nor very much on books,
Most of my educatin'
I get by how things looks.

Some folks of high up learnin'
Are makin' quite a muss,
A huntin' where we came from
And all that sort of fuss.

I have seen some like monkeys
And some like foxes, too;
Their eyes too near together,
And sort of sneakin' through.

But now, that ain't the question,
We all are here we know,
No matter where we came from,
Where are we goin' to go?

Now, my grandsire had a book,
The best I think you'll find.
It seemed to solve each question,
That ever hit his mind.

He read, and read, and read it,
And taught us what it said,
On risin' in the mornin'
And 'fore we went to bed.

There ain't but just this question
Effectin' what I do;
It's this, just plain and simple,
Where am I goin' to?

Lest it may mar your fortunes"
—*Shakespeare*

WE are anxious to aid our patrons in getting the most out of their telephone service. Through long observation and experience we have learned that following certain simple practices will give the best results in using the telephone.

Speak clearly, not too rapidly, with lips close to, but not touching, the telephone mouthpiece.

Do not attempt to remember numbers. Consult the telephone directory. This will avoid calling some one not wanted, which might annoy both the other person and yourself.

If the telephone you are calling is reported busy, hang up your receiver and try again in a few minutes. Do not jiggle the receiver hook. If you wish to recall the operator, move the hook up and down slowly a few times.

If your telephone is out of order, report it promptly and we will restore the service as quickly as possible. Go to another telephone or public pay station and call "Repair Clerk." This call is free.

If you are on a party line, remember that the nature of this service requires mutual accommodations between the several users.

If these suggestions are followed, the service to all users will be better.

Englewood Boy in Alaska

Lieutenant Norman H. Leslie of the U. S. Coast Guard S. S. "Unalga," sends us a card photo of his company taken on Decoration day at Juneau, Alaska. It shows a husky bunch of young Americans that will properly represent their country in any land or on the seas. Lieut. Leslie was a Parker high school lad, was born and lived all his life in Englewood, hence we have reason to be proud of him and the brilliant record he is making in the frozen seas.

Convenience Outlets

increase the value of your property

THOSE handy little plates on the wall that supply electric current to lamps and irons and vacuum cleaners are great "selling points" in renting or disposing of property.

Women appreciate conveniences of this kind. They constantly use electric appliances, and know that cords stretched up to the overhead lighting fixtures are unsightly and a nuisance.

Even though your property is wired for electricity, it's not wired for convenience unless there's at least one convenience outlet in each room, including bathroom and laundry, and one on the porch.

"More convenience outlets make more convenient homes."

But there's a right and a wrong place to put them. Let a trained electrician advise you—costs less in the end. We'll gladly recommend a reliable electrical contractor in your neighborhood.

Gentlemen:

Please accept my thanks for your check of $2,000 in payment of my brother's Bankers Insured Savings Account. He had only deposited $226.00 prior to his death and therefore to receive $2,000 shows what a wonderful service you are giving to the people of this community.

My brother opened this account because he liked the idea of systematic savings. The insurance feature that went with it, he recognized was a splendid way to protect those dependent upon him and while he fully expected to live and enjoy the proceeds of his thrift, it so happens that he has given us another evidence of his foresight.

I wish to thank you for the very prompt payment of $2,000 made to me and I will find it a pleasure to speak of the courtesy of your bank and the Bankers Insured Savings Account to all of my friends.

Very truly yours,
DELIA GREELY.

At the Harvard Theatre

Friday and Saturday, June 22nd, and 23rd. No need to tell the story. The whole world has read it, Rex Beach's greatest book.

No need to tell how well Thomas Meighan plays the lead. This star's name means to pictures what "sterling" means to silver; what "14 karat" means to gold. And here he is in the most colorful, most appealing, soul-filled role of his career.

No need to tell the quality of the production. Alfred Green directed it, the man who made most of the tremendous Meighan successes.

In short, here's a production that's guaranteed by the very names connected with it, star, author, director, cast.

It's a picture we could honestly rave about. But we'll let you do the praise-lavishing. You can't afford to miss it!

Sunday, June 24th, Mabel Normand in "Suzanna," an Allied Producers and Distributors Corporation release, which not only the merry, elfin quality of her exquisite art will be given delightful play, but in which she will be able to reveal those deeper and finer elements of her acting which have till now, never been fully disclosed.

This Sennett feature production, directed by F. Richard Jones, has been called a comedy drama, and that is just what it is. Miss Normand will be seen in plenty of comedy episodes. Her childish pranks are life of the picture and the bane of George Nichol's existence. Miss Normand will also be seen in episodes of poignant interest and tragic suspense.

Monday and Tuesday, June 25th and 26th. The popularity of Marshall Neilan, the motion picture producer, and the invariable success of all the pictures made by this wizard of the screen are responsible for the extensive preparations being made by Manager Coston of the Harvard theater, for the opening there tomorrow of "Fools First," the latest Neilan production. It is an Associated First National release.

There is a novelty about Neilan productions which endear them to the hearts of picture lovers. No two are alike; each succeeding one strikes a new note in story, direction or acting, imparting a flavor of originality that makes a distinct hit with the fans.

Wednesday and Thursday, June 27th and 28th. Dramatic, forceful, thrilling and unique in theme and treatment, "The Rustle of Silk," a Herbert Brenon Paramount production based on Cosmo Hamilton's celebrated novel of the same name, will prove an attraction of no insignificant importance to exhibitors. Presenting Betty Compson, beautiful Paramount star, and Conway Tearle, one of the most popular leading men of the screen, in roles that fit them to a nicety, "The Rustle of Silk," is a picture that film fans everywhere will welcome as one of the finest contributions to the American screen this season.

Thomas Meighan

The screen's most popular actor in his latest and greatest success

From Rex Beach's famous novel, a masterpiece of fiction made into a masterpiece of the screen. What "sterling" means to silver and "18-karat" means to gold, that's what this picture means to you.

All the tense moments, all the rich romance, all the splendid heart-interest of all the Meighan pictures—in one glorious production. Here's a picture! One that honestly deserves to be spelled in capital letters. One that Rex Beach can honestly say is a brilliant picturization of his world-famous novel.

Fairy Tales for the Children at the Hamilton Park Library

Every child loves a fairy story, and few ever outgrow their fondness for them. Not only do they stimulate the imagination of the child—giving it a natural outlet to play upon—but they supply a background of allusions, without which one's literary education is incomplete. The Hamilton Park branch of the Chicago Public library has a large and well-chosen collection of fairy tales in the children's room which may be drawn on both juvenile and adult cards and may be kept for the vacation period. A few of them are mentioned here:

Rev. Charles T. Holman Resigns

Rev. C. T. Holman, who for nearly five years has been pastor of the Normal Park Baptist church, last Sunday tendered his resignation to the church in order to accept an appointment on the faculty of the Divinity school of the University of Chicago. During the five years of Mr. Holman's pastorate the church has enjoyed a remarkable growth. Over three hundred new members have been received into the church, more than half of these coming by baptism. Subscriptions to the financial support of the church and its missionary and benevolent enterprises have increased threefold. Many new and helpful lines of activity have been developed. The members of the church express great regret at Mr. Holman's leaving, but he has made it clear that he is fully persuaded that the new work to which he is called offers such a large opportunity for service that he cannot decline. His resignation will, therefore, be acted upon at a specially called meeting at the close of next Sunday morning's service. Mr. Holman's topic at next Sunday morning's service will be "My Gospel!"

On Sunday the Sparklers defeated the Pals by a score of 20 to 19. In the first inning both teams scored runs, but along in the ninth inning things looked shady for the Sparklers. The score then was 19 to 18 in favor of the Pals. Daly scored the tying run and Schmall scored the winning run by a small margin. Costigan's hard hitting featured. The batteries were Toomey, Kehoe, Ragland and Reynolds. The game was played at Wentworth field.

HUSTLERS' COLUMN

The Englewood Times hustlers are toeing the mark, restlessly anticipating the weekly subscription races which will begin on Monday, July 2nd. There is still room for many boys who want to join the Hustlers, and they are urged to get a quick start, so as to be as well trained as the others by the time the weekly prize contests begin.

Each week, three prizes are going to be awarded. All will be athletic and sporting goods, with the week's first prize valued at not less than $8.00. The second prizes will be worth not less than $5.00, and the third, $3.00. Besides the prizes, the boys receive a regular commission on every subscription they bring in. In order to be in the contests, the Hustlers can qualify only by having ten subscriptions per week.

The past week, with its intense heat and many exciting happenings at the schools, has only slightly affected the efforts of the boys. Roy Stapleton, who is district manager of the territory between Ashland ave. and Robey st., 63rd and 69th sts., was so enthusiastic that he gave one housewife a little pet speech of his that lasted, without interruption, about one half hour. After reaching the climax of his dollar-a-year offer, the kind lady burst forth with a conglomeration of foreign syllables that would tax the ear-drums of a linguist. In other words, patient Roy understood that his prospect did not speak English. But was he downhearted? Not Roy!

District Manager John Ahern was told by one of his prospects that someone had beaten him to the subscription by the narrow margin of a quarter of a century, twenty-five years. Evidently John's competitor was right at work thirteen years before the twelve-year-old representative was born, which is a slight lead, so to speak. But Mr. Sullivan, the "Times" editor, has been writing, reading, and enjoying the "Times" for almost thirty-seven years, so the lady with only twenty-five years of "Times" affiliation to her credit might be termed a new subscriber.

But these are merely little incidents, the real story of how the boys, every day in every way, are signing 'em up, need not be told. The hustlers know how good it is. And they've got their eyes on those weekly prizes.

Hamilton Park Women's Club to Hear Hon. J. J. Davis at Mooseheart

Wednesday, June 27, is the day set for our trip to Mooseheart in the beautiful Fox River valley. The members are asked to meet at the Hamilton Park field house promptly at 9 a. m. Comfortable motor busses will be waiting to convey us to the home and school where hundreds of orphans are being given opportunities and education by the Moose fraternity, to grow into useful and respected citizens. A beautiful ride is anticipated and our objective will be reached by 11:30 a. m. A tour will be conducted through the pleasant grounds and interesting buildings by competent guides. It is suggested that members come supplied with sufficient lunch to placate an appetite sharpened by fresh country air. However, refreshments may be purchased on the grounds, if preferred.

After lunch, at a beautiful spot on the grounds, which has been especially set aside for our club, Hon. J. J. Davis, secretary of labor, will give us one hour of his time.

Mr. Davis is a man of broad vision and high ideals and this opportunity to hear him is one we can scarcely afford to forfeit. Humanity has been Mr. Davis' life work, and Mooseheart the culmination of his dreams. His cause deserves a hearing.

After Mr. Davis' address the motor busses will be waiting for us, and will return us to the field house. The round trip by bus will cost one dollar and fifty cents ($1.50), which, aside from lunch, will be the sole expense. It will be necessary to notify the bus company by noon Monday, June 25, as to the accommodations required, and for that reason reservations for the trip should be made with Mrs. W. J. Bassett, 7341 Union ave., (phone Stewart 4360), not later than that hour. Money must accompany reservations.

The club is indebted to Mrs. Bassett for this day, as it is on account of her personal acquaintance with Mr. Davis that this invitation was received.

SULLIVAN'S SENSE AND NONSENSE

Selfish Consideration

The boy who rides on roller skates,
We want him to enjoy
A life all free from hurtful fates;
Because we need the boy.

The motorist his brakes must grind
And every means employ
For safety. It's not him we mind,
But oh, we need the boy.

We're due to shield each merry elf
From all that may annoy,
But teach him to protect himself.
The country needs the boy.

Enthusiasm is all right until it springs a leak.

You may bathe in the lake officially after the 16th.

Life is a continual grind, and fortunately the world is full of cranks.

When a man becomes too lazy or stingy to give advice he has reached the limit.

The man who does nothing will never live to finsh the job, as there is too much of it to do.

Ask the "get rich quick" investment salesman why he does not buy it all up himself?

It is suggested that the park boards provide cigarette boxes to keep the girls' bathing suits in when the girls are not in them.

Speaking of politeness. I heard of a man that when a lady bumped her umbrella into his eye, interrupted her apology by saying: "Never mind, lady, I have another eye; it makes no difference so long as you are not injured."

Someone had told Casey that automobiles would be so cheap soon that even editors could have them, and sagely remarked: "Will mebbe so, boot Oi'm wandherin' how the divil they kind iver put im up for fifteen cints."

A girl with a very tightly rigged, close fitting gown had just passed, and Casey remarkedt "Will, be garry, the gurls go in fer economy iv driss goods this year, onyway. Sum iv thim hov hardly enough on to cover thimsilves."

A certain member of a dramatic company was bewailing his fate and said, "Yes, I remember now how my father begged of me not to become an actor." "Will, begarry, yez moinded the oul gintlemin's request, yez niver hev," put in Casey.

Someone writes to ask if they can get rid of bed bugs in their house by using gasoline. Sure you can; I know a family who used a can of gasoline and they not only got rid of the bugs, but also of the whole house after a visit from the fire department.

There had been a row in the works and Pat and Mike were discussing it. "And what did Hogan call Murphy?" asked Pat. "Shure, he called him a liar," was the answer. "And then what did Murphy say?" "Not much." "Why, that's funny," said Pat. "Murphy used to be a mighty hot-tempered fellow." "Well, he never said a word except, 'Have ye had enough yet?'"

Meade Post G. A. R. at State Encampment

On Tuesday, about a score of gray haired men wearing the beloved blue of the Civil war, took train for Peoria, Illinois, where the annual state encampment is being held this week. Quite a number of the auxiliary organizations accompanied them, the Women's Relief Corp, and the Daughters and Sons of Veterans. The old soldiers are fast passing, and even as Meade Post musters on its way, the only colored member of the post, Enos Bond, joined the vast majority, and his old comrades will bury him tomorrow upon their return. Originally the G. A. R. numbered 32,984 and now but 5,733 survive. Of the highest number of posts, 800, but 495 remain and in a few years there will be none of the old boys left. Illinois sent 256,000 to the Civil War, and her World War quota was 353,000. Meade Post, No. 444, of Englewood, was one of the strongest in the organization, and they attended encampments in their own special trains, taking nearly their full membership of over 500 along, and their friends often swelled the numbers to a thousand, and it made an old timer a bit sad to see the mere handful of old heroes, who are yet able to answer the roll call.

An Englewood Invention

After 18 years of endless effort to perfect his invention, Mr. Louis Kessler, 6410 Peoria st., has finally begun the production and sale of his "Protectoseal." Mr. Kessler is an Englewood man of long residence.

His product is a patented filling cap for any sized tank containing any of the many liquid explosives. It protects against explosion, the smallest gasoline tank on an automobile, and is equally efficient on the largest storage tanks that hold thousands and thousands of gallons.

A visitor to his present plant, located at 735 W. 65th st., will certainly be astonished to see him hold a flaming match or stick at the open cap of a filled tank containing gasoline, benzol, naptha, or any other explosive.

Because the highly volatile vapors that come from the tank are not allowed to escape, Mr. Kessler's invention is guaranteed to save ten per cent of the tank's contents. However, under certain climatic conditions, his friends have found the saving to be as high as forty per cent.

It is plain to be seen that in a few short months, Mr. Kessler will be one of the leading manufacturers. The government, as well as the Insurance Underwriters' association have approved his products, and have stamped it as one of the greatest life and property saving inventions of recent years.

Congressman Sproul Going North

We received a communication from Congressman Elliott W. Sproul this week, sent from the U. S. Army transport, "Cambria," when two hundred miles from Seward, Alaska. He says it is a wonderful trip and of vast benefit to the Congressional committee in their work of developing this wonderful country. He sends us illustrations of the most rugged country, with flowers blooming in the lower levels and the snow capped mountains in the rear view. He promises some interesting stories of the land of gold upon his return.

Dr. Neil Tells E. B. M. A. About Their Meats

The midday luncheon of the Englewood Business Men's association, Thursday, was a most interesting one with Tom Whitehead in the chair. The classical music was rendered by the regular orchestra and the singing by "Doc" Price, who called Ed. Dougherty as an assistant and "Barney Google," and other classical characters were rendered due honors. Responses were heard from different legislative committees and the speaker of the day, Dr. W. M. Neil, of the U. S. Board of Agriculture, spoke most entertainingly of the "Proper Care and Inspection of Meats." The subject was well handled and was a revelation to most of the members. Dr. Neil places us under obligations for his instructive address.

The riot alarm will be sounded next week when the election will occur. The "Progressives" have scattered the "Regular" forces and many declinations were read, but as both tickets are made of good men, the result can be but of advantage to the association.

Chicago Postoffice Gets 850 Additional Employes

Eight hundred and fifty new employes will be taken on by the Chicago postoffice, it was decided at a conference on improving the service held Monday morning between John H. Bartlett, first assistant postmaster general, and Arthur C. Lueder, postmaster of Chicago.

The conference was arranged to discuss improving the service, to begin July 1st, at the end of the present fiscal year.

Of the 850 new employes, 500 will be clerks, 200 will be mail carriers and 150 will be employed as laborers.

"Mail service in Chicago will be made better in the coming year than it has ever been," Mr. Bartlett said at the conclusion of the conference. "This will be in spite of the fact that the volume of business has exceeded all forecasts of the best experts. There will be a better personnel and there will also be more money to take care of the improved service."

It was decided the Chicago postoffice would take over the supervision of the Van Buren Street station, July 1st, to be used as a distributing center for newspapers and parcel post.

John Bredin in France

We received the following interesting letter this week.

Mr. Gerald Sullivan.
Dear Old Friend:

We've been here in Paris a week. Arrived in London the 7th of May, where we met my daughter, Bessie. She left Moscow, Russia, same day we sailed from New York, but got here ahead of us one day. She had our rooms engaged and has managed our tour since we landed to perfection, especially in France. Yesterday we visited Rheims, Belleau Wood, Fismes, Chateau Thierry and several other battlefields. "Hill 108," was one never to be forgotten. Many cemeteries, two in particular, No. 608, and Belleau, where thousands of the brave American boys are at rest. As I looked over that wide field of crosses, I could not help thinking, the American, who would not favor President Harding's efforts to banish war, would be idiotic or blood thirsty. I'm sending pictures of the Rheims cathedral taken before and after the war. Mrs. Bredin and I are feeling fine, though the weather during May was cold and wet. Sunday last, Paris had a hail storm like a bombardment.

Ever yours sincerely,
J. BREDIN

Kiwanis Aids Crippled Children

The luncheon Tuesday noon was as lively as a Republican primary. Fred Rathje presided and Ray Ballantine directed the orchestra, which was augmented by Sinclare Randall's banjo. The singing was enthusiastic, if not always harmonius. The drawing gave John E. Foster the prize donated by Ray Christ and Alex. Wesley Brown will donate at the next meeting. Florence E. Prouty, secretary of the Southside Crippled Children's aid made a most interesting talk and explained the wonderful work of the organization. Englewood Kiwanis made a donation of $250.00 to install Radio service at the outdoor camp of the crippled children, near Twin Lakes, and also $300.00 for maintenance of the good work. It was worth the whole amount to hear the gratitude of the children as voiced by Mrs. Prouty. James E. Armstrong, principal of the Englewood high school, a new member, made a very interesting talk of the schools and established a place for himself in the inmost heart of Kiwanis. Dr. Norton, who couldn't or wouldn't sing a song, told a story which nobody understood and was possibly as bad as if he had sung a song. Short talks from visiting Kiwanians were interesting. An invitation was extended to the club to attend the pilgrimage to Mooseheart, Sunday, and doubtless Englewood will be largely represented.

The Keith-Hill Wedding

A pretty wedding of Saturday evening was that of Miss Grace Evalyn Keith, daughter of Mr. and Mrs. James W. Keith of 345 W. Marquette rd., to Charles Ernest Hill, son of Mr. and Mrs. Charles E. Hill of 6129 Vernon ave. The ceremony was performed at 8 o'clock at the home of the bride's parents, the Rev. Dr. G. A. McWhorter reading the service.

Miss Esther Abbott attended the bride as maid of honor and the bridesmaids were Miss Margaret Hughes and Miss Nellie Steneck. Mr. Hill served his son as best man and the ushers were Justin Russell and Glenn Runsten.

Mr. and Mrs. Hill have gone to Colorado on their honeymoon.

Martha Ammen Tent Activities

Martha Ammen Tent No. 20, Daughters of Veterans, are having many social affairs. For the good of the order, Mrs. Florence Von Thaden of 1416 W. 71st st., will give a luncheon and card party at her home for the benefit of the tent.

Last Saturday Mrs. Loser, president of the tent, with her committee surprised the comrades of George Meade Post, No. 444, with a luncheon at the close of their meeting. About twenty-six were present to enjoy it.

The tent will have a bunco party Wednesday, June 27th, at 2 p. m., at the G. A. R. hall, 6236 Princeton ave. All members are requested to be present and friends are invited.

High Rents

Editor Sullivan's Englewood Times:

Who is responsible for the existing high rents? Have you ever studied this problem? Did it ever occur to you that the real estate board and their agents are the dictators? Let us prove it.

When the writer of this article lived at 66th and Normal he was notified by the agent that his rent would be increased from $60 to $65 at the expiration of his lease. We called up the landlord and asked him if it would be convenient for him to call the following day, which was on Sunday, when he came we told him of the increase. "That's news to me," he said. "I authorized no increase and am satisfied with present conditions." We then moved to another locality at much cheaper rent, and a better flat, but after remaining there for one year a sneaking agent accosted my landlady and asked her what she was getting for her flats. After being told, the agent said: "Well, you are not getting enough for your flats." Sixty days before our lease expired we received notice of our increase.

Not being satisfied with their high handed robbery they actually induce the more conservative owners to increase their rents. So you see it is not always the landlord who is to blame. The more rent the agent gets the more commission he earns, to say nothing of extorting blood money from the poor tenants.

Now, there is only one way to combat with gouging unfair and dishonorable agents, and that is, do not rent from an agent. Locate your landlord, rent from him and pay your rent to him, get his receipt and let the agent whistle. Just tell your landlord you refuse to deal with the agent.

You have often read, through the columns of the press, these words: "The real estate board authorizes no increase in rentals," thus throwing the responsibility off their shoulders, but the rents still go skyward.

The real estate board is a power in Chicago. They are the dictators and we are the dupes. Always increase but never decrease. Pay your next rent to your landlord. Ignore the agent. The sooner you do this the sooner the famous real estate board will come to their senses.

ENGLEWOOD HAPPENINGS.

June 14th was observed as Flag day.

Mrs. Mahalia Snapp has returned home from Florida.

Mrs. Eliza Shires, 7010 Michigan ave., left Thursday for an extended trip through California.

Mrs. J. S. Brossman, 6355 Ellis ave., will spend the summer sightseeing in California.

Mr. and Mrs. E. J. Smith and children, La Grange, Ill., were Sunday visitors in Englewood.

Miss Helen McAdow, 6435 Stewart ave., junior at State university, came home Saturday.

Miss Helen Jarcke, Whiting, Ind., spent several days with friends in Englewood.

Mr. and Mrs. Otto Haacker, 6549 Yale ave., spent the week-end in Milwaukee.

Mrs. Charles Rossman of 259 64th st., entertained her card club at her home Wednesday.

Will those sending us news kindly write only on one side of the paper and get them to us by Wednesday?

The new city directory is out and shows a population of 2,940,000, which in reality means over the three million mark.

Mrs. E. H. Thielens has rented her apartment in The Tudor, and is spending the summer in Lakeside, Michigan.

Next Thursday will be the "longest" day in the year, and then they begin growing shorter, and we haven't had any summer yet!

The merchant who parks his car in front of his store not only shuts off prospective customers from his own store, but to others on the street.

B. Ralph Pierce and family have moved from 719 59th st. to a handsome home at 7929 Aberdeen st., in Chester Highlands.

Mr. and Mrs. Frank C. Weber entertained a party at dinner at the South Shore Country club during Horse Show week.

A small force is at work in the basement preparatory to the rebuilding of the Yale bldg., 336-338 63rd st., destroyed by fire some months ago.

George Flemming of 205 63rd st. has returned from Atlanta, Georgia, where he was delegate to the Kiwanis convention from the Woodlawn club.

Louis Garswick died at his home, 6211 Wentworth ave., Monday and his funeral occurred Wednesday afternoon, burial at Graceland cemetery.

W. A. Leonard and family, who formerly lived at 259 64th st., who have been living on their ranch at Ducor, Calif., have moved to Maywood, a suburb of Los Angeles, Calif.

Mrs. Frank Douglass, 6621 Yale ave., is attending the Champaign university exercises. Her daughter, Miss Binette, is one of the 1,300 who graduates.

The new forty-two apartment building at the southwest corner of 66th st. and Stewart ave. is up to the second floor and will be finished in time for fall occupancy.

The monthly bargain days on 63rd st. were fairly well patronized. The merchants who advertised offered some real bargains and had many calls, but less than half the stores on the street were represented.

Mr. and Mrs. W. J. Henry (formerly of Englewood), Tulsa, Okla., came in to Chicago on their way to state university at Champaign, to see their son, Vernon Henry, graduate.

Col. Charles Stewart Stobie, our old Indian scout and artist friend, paid us a pleasant visit Tuesday. The Colonel is a wonderfully well preserved man, and one enjoys his Indian stories and keen witted remarks.

The racing on Stewart ave. has been resumed since the removal of the special motorcycle officer. A regular officer is needed at all hours on 63rd st. to stop the reckless drivers who turn the corners at full speed. Having them on duty a few days does no good.

Mrs. Harriet J. Wood, 7011 Wabash ave., left last week for California. While there she will visit her sister, Mrs. Libbie Young, San Francisco, and her daughter, Mrs. Jessie M. Sandford, Los Angeles. Also friends in San Diego, returning home the first of October.

A Suggestion for Vacation Time

It has become a habit with people to abandon their usual vocation for a week or two during the summer months, and hie themselves to strange scenes and pastures new. The usual idea is to go to the country to dwell in peace and quiet away from the hurly burly of city noise, dust and activities, and a country cousin or the old home farm is a haven for many, especially if we may revisit the scenes of our youth and infancy. Unfortunately many seek only a change, which is often not for the better, and make a carousal of the time, at some resort whose popular attractions is half cooked canned goods and a jazz band, at high prices, meaning debt, and exhaustion. We of Chicago are fortunate in having many interesting places to go within a comparatively short distance. Some enjoy visits to the different parks, others to the different museums and institutions all within one car fare distance. Then we have twenty thousand acres of Forest Preserves in every direction from the city, and all within a short ride by surface, elevated or interurban cars. Here we may revel in nature primitive, forest and stream, and fitted with conveniences of a city park. Or should one desire to go farther afield, there are the beauties of the Fox river, the wonderful Starved Rock and Deer Park, all within a few hours' journey. When planning your vacation, give the home and neighborhood attractions a first choice.

The street car and "L" men will probably not go out on strike after all.

Mr. Robert Johnson has returned home, 6300 Yale ave., from Marquette university, Milwaukee, Wis., for the summer.

Percy Engler, Manistee, Mich., will spend the summer with his parents, Mr. and Mrs. A. Engler, 7011 Wabash ave.

Mrs. James E. Jennings and daughter Charlotte, 7317 Harvard ave., will sail June 30th to spend the summer abroad.

Mrs. Pauline Weigle and daughter, Miss Grace, Evanston, Illinois, were guests of her sister, Mrs. Ida Bennes, 261 65th st., Sunday.

John Glenn, 6564 Yale ave., who sustained injuries from a fall, is getting along nicely in Washington Park hospital.

Mrs. O. W. Brady, commander-in-chief of the Illinois Colony club, leaves next week to spend the summer abroad.

Mr. E. Ross, who has been a guest of the J. Campbell's, 6715 Perry ave., left this week for his home in Scotland.

Saturday, June 16th, Englewood Presbyterian's ball team will play Auburn Presbyterian at Hamilton park.

Englewood Presbyterians won with a score of 12 to 7 from Vincent Presbyterians at 90th and St. Lawrence ave., Saturday.

Rose Sunday or Children's Day, was observed by all the churches in Chicago. Pilgrim church exercises by the children were enjoyed by a good audience.

Dr. and Mrs. Frederick Dracass write us that they are leaving St. Petersburg, Florida, and will spend the summer at Streetsville, Ontario, Canada.

Willis Hall, the well known Englewood theatrical man, has accepted the stage directorship of McVicker's theatre, and will assume his duties this week.

Miss Romaine Douglass, 6400 Yale ave., and sister, Mrs. U. G. Coltman, 6359 Yale ave., left Saturday for Champaign to attend the graduation exercises of their niece, Miss Binette Douglass.

Mr. John Burns, 6847 Perry ave., one of the oldest expressmen in Englewood, celebrated his 103rd birthday May 25th. He is hale and hearty and may he live to see many more birthdays.

Mrs. Robert Short, 259 65th st., left Saturday evening to attend the graduation exercises of her grandson, Vernon Henry, who graduates from the state university at Champaign, Illinois.

Andrew W. Rowley, aged 83 years, father of William A. Rowley, died at the home of his son at 6812 Normal blvd., Sunday. His funeral occurred Tuesday and burial was at Oakwoods cemetery.

Mr. and Mrs. Karl Hedrickson of Oakland, California, spent a week with the latter's sister, Mrs. Mae Coleson, 6527 Yale ave. The couple are enroute to Europe, where they will spend the summer.

Oscar Sachsel, formerly of the Englewood Smoke Shop, writes us from Pasadena, Calif., that he is visiting Charles Manahan's store. Oscar is at home now in Hollywood, but he doesn't say anything about the movie girls.

Mrs. William H. Wallace died Saturday at her home, 6565 Harvard ave. and her funeral occurred Tuesday from St. Bernard's church, interment at Mount Olivet. Mrs. Wallace was the mother of Dennis, charles, Richard, Nona and Mary Wallace.

Beware of the Fly-by-Night Merchant

Among other features that have come to Englewood along with a whole lot of good, reliable merchants, is the irresponsible dead-beat chap who puts in a store consignment of goods, incurs all the debts he can, and then beats the bills. Some one stands for the fixtures, and a few dollars are spent in fixing up, then the shop opens in competition with the honest merchant who pays for his goods and his bills, and everyone who trusts the "fly-by-night" is beat out of his money. Experience has taught us of several of this kind of merchants (?) and we stand ready to give their names to interested parties. While welcoming all honest business to our town, this particular kind of a "skin" is an injury to it, and a disgrace to the legitimate merchants on the street. We hope to see a department in our business men's associations that will mark these fellows, and put the public wise to them before they have cheated half the community.

Boys Destroy City Property

At great expense a few years ago the city installed on every street intersection, signs giving the correct name of the streets as well as the points of the compass. It is safe to say that more than half of these signs have been ruined, either torn down completely, or beaten out of all shape and of no practical use. The globes on the electric light lamps, which are expensive and absolutely necessary to diffuse light, are destroyed by the hundreds, in fact we are informed that it costs the city $40,000 a year to replace broken globes. Most of this destruction is done by boys with malicious mischievous intent, and we dare say not a one of them has been punished, or even admonished for their vandalism. The police are instructed to arrest such offenders but few are ever arrested, and it is up to the parents to warn their boys against such destruction.

Friday evening the Calumet High School Glee club will give an annual concert at the Chicago Normal college, 6800 Stewart ave.

Cannot repay the service rendered by a good undertaker. Your dollars and cents, when tendered in payment of such an undertaker's bill, are regarded more as a token of appreciation than as the discharge of an obligation. When you call an undertaker, be sure he is a good one—it takes a good man to do a difficult task well—and remember the name—where your desire governs the price.

Our Weekly Poem

A WOMAN IN THE HOUSE

A woman in the house, to me,
Is like the sunlight on the sea,
Is like the roses by the road,
Is like the laughter with the load.

As stars make beautiful the night,
And flowers, gardens give delight,
Yes, all that beauty does for you
A woman in the house will do.

A woman in the house will make
An altar there for hearts that ache,
Will build a shrine amid life's sin
To worship God, and ask Him in.

For you who wander, you who weep,
A woman in the house will keep
A candle burning evermore—
She is a lighthouse on the shore.

A woman in the house is like
The sun's declining rays that strike
Your windows when the day is old
And turn your window panes to gold.

A man may build a house of his;
A woman in the house it is,
Through joy and sorrow, dawn and gloom,
That takes his house and makes it home.

Memories: Lest We Forget

Real action pictures of the World war, by the U. S. Signal Corps men who, equipped with rifle and camera, made these remarkable records of American valor on the battlefields of France. Actual scenes of our army, navy, marine corps in action on land, on sea, and in the air.

Greater Chicago post No. 866, V. F. W., succeeded in procuring these wonderful reels of what our boys went through and accomplished. Telling of trench and battle and the achievement of the American navy. These pictures will be shown in Englewood Tuesday evening, June 26th, G. A. R. hall, 6238 Princeton ave., at 8 p. m.

'J ever realize they're your fellow men?
Sodwe.

Come early as seating capacity is limited. We urge all our friends to avail themselves of this opportunity to see these pictures. Embarkation, all fronts, sectors, home.

The Hustlers' Column

The army of Hustlers is invading Englewood! Boys and young men from every corner of Greater Englewood have joined the circulation staff of the "Times" and are out in their respective territories rounding up their greatest friends, the new subscribers.

Each young man has been appointed district manager of his territory and is a direct representative of the circulation department, with full authority to accept subscriptions and the payments for them. Their credentials are their numbered subscription cards.

The boys have been selected carefully for their intelligence, personality, pep and ambition. They are a group of go-getters, not a bit tongue-tied or bashful, but always courteous youth, fully aware of their responsible duties.

The honor of bringing in the first subscription since the inauguration of the present campaign goes to District Manager Harry Penner, the thirteen year old wizard salesman. It took just two minutes of Harry's convincing sales talk to prove to the A and E pharmacy, 6556 Halsted st., that the "Englewood Times" was as indispensible to the community as a drug store.

District Manager Stanley Ropes, from latest reports, is keeping his fifteen year old tongue a-waggin', and he doesn't give the housewife a chance to escape his dollar a year offer.

Vernon Ralph, the manager of the Ogden Park territory, is a high school youth that's going to make this summer count. With his ever-ready pencil and blue subscription cards, he is convincing Ogden Park to "say it with subscriptions." More power to you, Vernon!

Paul Roche, manager of the territory bounded by Halsted, 65th, Stewart and 69th st., is proving that the cycle of success for a young man in Englewood is "conversation, perspiration, subscription."

More youths are needed to entirely cover the neighborhood, and if young men who care to apply are given a territory they will be just as fortunate as their contemporaries who are earning, learning and working every spare moment they have.

In two weeks the weekly prize contests will start. The hustler that brings in the most subscriptions each week will be awarded the week's first prize—for instance, an $8 baseball finger mitt that the circulation manager has his eye on. And there will also be second and third prizes each week.

But that's only part of the story—there's that circulation department picnic coming the latter part of the summer.

Toledo Fireless Cookstove
With the "Water-Seal" Top
Roasts, Bakes, Boils and Browns

DID you know that you could bake beautiful pies, cake and bread in this fireless cookstove? That you could roast meats and brown potatoes perfectly? Have you ever eaten any of the delicious food cooked in it?

If not, don't miss the wonderfully interesting and helpful demonstration being held next week in our store. Learn why the Toledo does cooking that no other fireless can equal, why it does the same work your range does, with a saving of 80% in fuel.

You will see deliciously appetizing things cooked each day, by an expert demonstrator, who will be glad to explain to you the remarkable heat conserving qualities of this cookstove—its famous Water Seal Top, its Automatic Steam Valve which lets out surplus steam and keeps in the heat, its extra heavy strata-laid insulation, its strong durable aluminum lining, of better quality than any other cookstove employs. And you will be permitted to sample the good things cooked for you.

A Non-Sink Bathing Suit

It remained for an Englewood man, Mr. W. W. Pelton of 7133 Paulina st, to invent a bathing suit in which the wearer cannot sink. It has invisible self-filling air pockets which fill as one enters the water, and empties as they leave it. It has the appearance of any other bathing suit. It is invaluable and made in all sizes and the parents need have no fear of drowning of their children who wear one. It is also popular with expert swimmers as it increases their buoyancy and makes motion in the water unnecessary. Mr. Pelton has his factory here and is meeting with great success, as he certainly deserves.

To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.

Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.

Metropolitan Business College Will Hold Commencement Exercises

The Metropolitan Business college will hold its semi-centennial graduating exercises in the Municipal Pier auditorium on Monday evening, June 18th. The class this year numbers about 700.

Although the graduating class this year numbers but 700, the total enrollment of the college is approximately 5,000 each year. There are fifteen schools in the Metropolitan group. They are located in various parts of Chicago and in Aurora, Elgin and Joliet. They form one of the largest business schools in the country.

A matter truly interesting of this event is the fact that the founder of the college, Mr. O. M. Powers, is still the active head of the institution. Mr. Powers has been at the helm of the Metropolitan for fifty years. His efficiency as captain has not been the least bit impaired. He is just as active and efficient in directing the affairs of the college as he was twenty-five years ago. Mr. Powers will present the diplomas to the graduates at the commencement.

SULLIVAN'S SENSE AND NONSENSE

WHY IS THIS THUS?

The alarm clock jingles on the stand—
She sleeps.
The phone rings out its wild demand—
She sleeps.
The neighbors dance on the floor above,
The cats outside shriek their midnight love—
She sleeps.

In silence my key unlocks the door—
She sleeps.
In stocking feet I tread the floor—
She sleeps.
With noiseless steps I cross the hall,
From the bedroom rings the clarion call—
"John, march right in here and explain why you're coming home at this hour of the morning!"

Spot cash is sometimes terribly spotted.

One man's fad is another man's fortune.

Didja ever notice a very small man makes more noise than a really big man?

Every man has his price; the trouble of it all is that he can so seldom get it.

The statesman who insists upon telling all of the truth doesn't remain long a statesman.

If all women were mind readers, most of us men would have to take to the woods.

Just saying a man is "no good" does not make him so. No knocker is believed, or believes himself.

A wise little girl defines "ostentation" as "what our neighbors do to show off."

Bootlegging has become so prosperous in certain districts that the bootleggers are compelled to wear hip-boots.

Maybe Union ave. will be opened through from Garfield blvd. to Gresham when we get that new park for central Englewood.

What has become of the old time popular politician whose best speech was "Well, what will you have, boys?"

Any office holder that isn't being investigated by either the grand jury or some committee must feel lonesome.

The only hard working men that I know of who do not object to a twelve hour day are the golf fiends. They would make it sixteen, and then play by lamp-light.

There is no one happier than the small boy contemplating the long summer vacation. He has more things to do than can be done in ten years, and will find that their anticipation is greater pleasure than their realization.

There is hopes that the street car men's strike may be averted, but then there will be the election of officers of the Englewood Business Men's association on the 21st, which promises to keep the police force busy.

Gerald B. Sullivan

F. C. Weber & Co. Again Suffer from Fire

Thursday evening the main and office building of this concern at 6319-23 Lowe ave., was discovered to be on fire and the entire fire department of the district was called out to suppress the flames which were confined mostly to the basement warehouse on the south end of the building. The loss is about $100,000 and the adjusters are working on it now. The fire is supposed to have originated from defective electrical wiring. We are assured that the firm will rebuild at once and erect a brick structure over the present frame one. Owing to the fact that much of their stock is in other storehouses, the firm were enabled to continue business as usual, and their regular trade suffered no interruption.

Old Soldiers Are Thankful

Mr. Gerald Sullivan,
Editor Englewood Times.

The notice and publicity given to Memorial Day through the columns of the Englewood Times are greatly appreciated by Comrade W. F. Sarjent, who solicited the cars and directed their movements to and from Mount Hope cemetery. Cars were supplied to carry all members of the post and the allied orders. Only words of praise and gratitude are due to all who in any way aided and abetted in making the day what it should be, a solemn memorial to the men who offered their lives that the nation might live.

Through Comrade Sarjent thanks and gratitude are hereby extended to all who so loyally aided in making the day a success.

W. F. SARJENT.

Business Manages Pearce Resigns

Ralph B. Pearce, for several years business manager of the Englewood Business Men's association, tendered his resignation at the last meeting of that organization and with great reluctance it was accepted. Mr. Pearce made an excellent manager, he was energetic and painstaking and at all times courteous and pleasant in his connections with the people. He has formed a connection with the C. O. Rosen real estate establishment at 5933 Halsted st. We congratulate that enterprising firm, and are glad that Mr. Pearce will remain with us.

Englewood W. C. T. U.

The Englewood W. C. T. U. will meet in the parlors of the Englewood Christian church, Stewart ave. and 66th pl., next Thursday afternoon at 2 o'clock. Mrs. J. T. Bradner Smith will discuss "Child Welfare." A special invitation is given to mothers to be at the meeting. Mrs. Fred A. Patterson, a national W. C. T. U. organizer, will speak also. Those members of the Union who have heard Mrs. Patterson will want to hear her again. All ladies are invited to attend all meetings of the Union.

Graduates Beginning, Not Finishing

Thousands of our young people will be presented with nicely engraved diplomas next week, that they have worked for hard and consistently for years, and to which they may refer with pride, as something of their very own achievement, and all of their friends will be proud of them, as we are. However, we wish to impress upon our young friends that graduation is not the end of their labors, but is the beginning of that struggle for which they are better prepared than they would be if they had not graduated. No matter what field of life you intend preparing for, your education will be of benefit to you if you use it properly. To those who vainly imagine that they now know all that is necessary, we extend our sympathy for the world of grief they are entering, as they are in for more hard bumps than a one cylinder Ford, but for the young person who modestly acknowledges that there are some few things yet to learn, we have one piece of advice to give—"continue to read and study." If you have selected a profession or a trade read all you can find on the subject, and with our splendid million volume library open free to you, you will find plenty of material. Youth, and even age, demands recreation and diversion from work, but do not make a profession of it. There are many things you should know that cannot be taught on the golf course or in the best of "movies." To toot a beautiful jazz tune does not mean a musical education, nor to make it in record strokes, fit one for a business career. Travel is wonderful, but without understanding and study, travel may simply mean an observance of the different styles of the different countries, and an inane aping of foreign manners. It is study all the time if you want to succeed, whether it be at brick laying or at law. It is a matter of pride to older people to see the enthusiasm and brilliance of our young graduates, and our good wishes go with them in whatever field of usefulness they may see fit to follow.

Englewood Girl Receives Pearls

Miss Veronica C. Hasty, 516 65th sts., and Miss Mary Costello, 4916 Washington Park court, attended the convention of the Catholic Daughters of America, held very recently in Aurora, Ill. Miss Hasty attended in her capacity as state secretary and Miss Costello as the representative of McHale-Englewood court, the convention being composed of state officers and one representative from each court in the state. Miss Hasty is very proudly displaying a very lovely string of pearls which were presented to her at a party given in her honor at the Aurora hotel at the close of the convention. The pearls and the party were both a complete surprise to Veronica and were tendered by her many friends both in Chicago and throughout the state. Both Miss Hasty and Miss Costello are indefatigable workers in McHale-Englewood court, being identified with all of its activities.

New Milling Company for Englewood

The milling and storage property of A. F. Walther at 6425-31 Wentworth ave. has been bought by the Wentworth Milling Co. It has a frontage of 223 feet and a two-story warehouse is planned 178 feet of the frontage. The Walther property has a splendid three-story mill and elevator on the north 50 feet.

Englewood Hospital Auxiliary

The regular meeting of the Woman's Auxiliary of the Englewood hospital will be held Friday, the 15th, at the Nurses' home, 60th and Green sts.

Hotel and Theatre for Central Englewood

At the noonday luncheon of the Englewood Commercial and Civic association Wednesday, a tentative proposition was brought before the organization, to promote the erection of a large theater, hotel and business block somewhere in central Englewood, between Normal blvd. and Wentworth ave. The plans calls for a frontage of 250 feet and depth of at least 150 feet. The theater to be the latest modern idea and seat from 2,000 to 2,500 people. The hotel to be modern and adapted for family uses as well as transient accommodations and the main floor to contain ten or twelve modern stores and office accommodations on the second floor. This would mean the expenditure of a million and a half of money, and the amount may be raised readily if it is sufficiently backed by Englewood people and capital. President Frank Berg has taken the matter up and will have a committee of representative business men solicit the merchants, professional men and capatalists of this section to ascertain if they desire such an institution and will subscribe for sufficient stock to warrant a bonding company to carry the project through. There can be no doubt but that it will be a good paying investment, and will mean a complete rejuvenation of this part of the city in a commercial and financial sense. The Times has long urged this measure and urges our people to get together and put it over.

Englewood Business Men Eloquent

The noonday luncheon, Thursday, proved that the Englewood Business Men's association has an amount of eloquence that turned on tap could flood the town. After the usual serenade and the acceptance of three new members, a discussion of the merits of the respective tickets to be voted for on the 21st took place. Harry Englestein led off in support of the regulars and paid exalted tribute to the men and their objects, he was followed by the Boy Orator of Auburn, W. H. McDonnell, who in witty and eloquent language, advocated the election of the progressives. The matter of the protest against the passage of the state license bill was brought up by Mr. Roepstorf and was discussed by a number who all acknowledged that they knew nothing of the measure, and it was finally left to the board of directors to do with as they chose.

County Commissionar Dan Ryan Dies

Tuesday evening at the University hospital, county commissioner Daniel Ryan of 6647 Stewart ave., passed away very quietly while the nurses thought he was sleeping. Mr. Ryan suffered a stroke of apoplexy while riding with his son, Dan, Jr., Saturday, May 26th, and has since been at the hospital, with only slight changes in his condition, the medical men holding out slight hopes for his recovery. His funeral will be held from St. Bernard's church, Saturday morning at 9 o'clock, a solemn requiem high mass being celebrated. Burial will be at Mt. Olivet cemetery. Mr. Ryan was an old resident of Englewood, and was formerly employed at the Union stockyards and later became a cement contractor. He was prominent in Democratic politics and was the leader in the old 32nd ward. He had twice been elected president of the board of County commissioners, and was chosen president at the death of Peter Reinberg. He was re-elected a member of the board a year ago, and was considered one of the most valuable members, as he was the leader in giving the county the wonderful system of Forest Preserves in various parts of the county, until now 25,000 acres are in the preserves. He was a charter member of Englewood Council, Knights of Columbus, was a member of LaSalle Assembly, 4th degree, was also a member of St. Bernard's Holy Name society and of the Catholic Order of Foresters and was highly respected in all circles. Surviving Mr. Ryan are his bereaved wife, Mrs. Alice Ryan, five sons, James C., Lawrence J., Daniel O., John G., and W. Emmet Ryan and one daughter, Mrs. J. F. Bigane, who have the heartfelt sympathy of the community.

Death of Mrs. D. Terrierre

Early Monday morning, Mrs. D. Terrierre one of the oldest residents of Englewood, passed into the unknown at her home, 6930 Yale ave. Her funeral occurred Wednesday and the remains were taken to the home of her childhood, Niles, Mich., for interment. Mrs. Terrierre and her husband came to Englewood after the great Chicago fire in 1871 and the family have resided here ever since. She was 81 years of age, and survived her husband, who was cashier of the Vehmeyer, afterwards the Englewood State bank, five or six years. She leaves two daughters, Mrs. W. H. Cowen and Miss Hattie Terrierre.
